1. COMPANY IDENTIFICATION

Company: CHI MEI CORPORATION
Address: 59-1, San Chia, Jen Te Village, Tainan County, Taiwan, ROC.
Information Phone No.: 886-6-2663000 Ext.6122 (Safety & Health Development)
Emergency Phone No.: 886-6-2663000 Ext. 6122 (Safety & Health Development)
Fax No.: 886-6-2660158

2. COMPOSITION / INFORMATION ON INGREDIENTS

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>Polycarbonate</th>
<th>ABS</th>
</tr>

</table>

3. HAZARD IDENTIFICATION

- Most Important Hazards: None
- Adverse Human Health Effects: None
- Environmental Effects: None
- Physical and Chemical Hazards: None

4. FIRST AID MEASURES

- Inhalation: In case of gases evolving from melted resin, move subject to fresh air. Treat symptomatically.
- Skin Contact: In case of pellets or powder, wash with water. In case of melt, wash affected skin area and clothing with plenty of (soap and) water. Seek medical advice.
- Eye Contact: In case of pellets or powder, flush with plenty of water for at least 15 minutes. Seek medical advice if any dust particles still remain. In case of gases evolving from melted resin of high temperature, flush with plenty of water for at least 15 minutes. Seek medical advice if necessary.
- Ingestion: Induce vomiting. Rinse mouth with water. Seek medical advice if necessary.

5. FIRE-FIGHTING MEASURES

- Extinguishing Media: Water, Foam, Dry chemical powder
- Special Fire-Fighting Procedure: Self contained breathing apparatus
- Fire and Explosion Hazards: None

6. ACCIDENTAL RELEASE MEASURES

- Methods for Cleaning up: Recovery if not contaminated or Disposal
- Personal Precautions: Pellets or powder remained on ground may cause slipping
- Environmental Precautions: Gather pellets and powder thoroughly to avoid birds or fishes taking from draining water.

7. HANDLING AND STORAGE

- Handling: Prevent from fire around handling area. Maintain good housekeeping standards to prevent accumulation of dust. To avoid dust explosion resulting from the existence of powder, electrostatics eliminators and grounding should be fixed to such equipment as air transferring pipes, bag filters and hoppers. Use electrically conductive filters for bag filters.
- Storage: Keep the materials at a cool dry place. Protect from direct sunlight, rain and violent temperature fluctuation. Fire is inhibited around storage area.
8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Threshold Limit Value: Not determined
Ventilation: Necessary to exclude dust, fumes and gases.
Personal Protection:
  Eye: Wear safety glasses for general purpose. Wear chemical goggles for cleaning molding machines.
  Respiratory: Wear masks for cleaning molding machines.
  Gloves: Necessary for handling melted resin.

9. PHYSICAL and CHEMICAL PROPERTIES

Appearance: Pellet
Melting Temperature: This product does not exhibit a sharp melting point, but softens gradually over a wide temperature range.
Solubility: Insoluble in water
Specific Gravity: > 1
Flammability: Yes
Flash Point: Not applicable
Autoignition Temperature: > 450°C

10. STABILITY AND REACTIVITY

Reactivity with Water: No
Stability: Stable and non-reactive under normal handling and storage conditions.
Thermal Decomposition Gases: Processing fumes evolved at recommended processing conditions may include trace levels of styrene, alkyl phenols, acetophenone, cumene, phenol, alpha-phenol, diarylcarbonates, ...etc.

11. TOXICOLOGICAL INFORMATION

Irritation: Fumes or vapors generated from decomposing resin may be irritant to eyes.
Acute oral toxicity (LD50): Not detected
Mutagenicity: Not detected

12. ECOLOGICAL INFORMATION

To avoid being taken by ocean species or birds, disposal of the waste to the ocean and water sources is inhibited.

13. DISPOSAL CONSIDERATIONS

Controlled incineration or landfill according to local, state or national laws and regulations concerning health and pollution.
Inadequate incineration may generate toxic gases such as CO₂, CO, HCN, AN, SM, and hydrocarbon fragments.

14. TRANSPORT INFORMATION

Not classified

15. REGULATORY INFORMATION

Not available

16. OTHER INFORMATION

The data given above is believed accurate and for reference only.
